

SM AND UP SUPPORTED STATES (Current as of 11/9/2022)

SUTA Magnetic Media (SM): Most states with an eFiling threshold specify the number of employees per employer. Filing requirements for **Kansas** and **South Carolina** are based on the total number of employees for all employers being filed by your office. States which also require a printed tax return (**UP**) are indicated in the list below.

Unemployment Plus (UP): For states which require electronic filing for all employers and those electronic submissions contain both wage and tax information, you may only use **UP** to print a *file copy* of the tax return as indicated below.

State	SUTA Magnetic Media (SM)		Unemployment Plus (UP)	
	eFiling Requirement	UP Form Required	Form	File Copy Only
